

Scope

To ensure compliance with the law and those higher or voluntary standards, to which we subscribe, *applicable to our environmental aspects insofar as they relate to the manufacture of impact extrusions, cold forgings, extruded sections and machined parts in aluminium, its alloys and other non-ferrous metals.* ^[Issue 3 change]

This policy has been developed in conjunction with the *Company's* ^[Issue 3 change] Environmental Commitment and Policy.

The Managing Director is responsible overall for the implementation of this policy, supported by the Quality Manager and Assistant (legislation, Impacts Site Audits etc.) and the Office Manager (Waste Management, COSHH etc.) ^[Issue 5 change]

This means we will:

- **Pursue** the goal of no harm to people, prevention of pollution *and protection of the environment taking account of all interested parties and their needs and expectations.* ^[Issue 5 change]
- **Use** materials and energy efficiently in our activities, products and services.
- **Contribute** to sustainable development.
- **Set** objectives and targets for continuous improvement and measure and review our performance.
- **Identify** the hazards for new and ongoing activities and control the associated risks.
- **Relinquish** all sites and facilities in an acceptable condition through the application of best practicable approach.
- **Maintain** contingency arrangements in co-operation with the authorities and emergency services.
- **Require** contractors and joint ventures operated by us to apply standards compatible with our own and use our influence to promote our policy in joint ventures operated by others.
- **Conduct** and support research and development to improve the performance of our activities, products and services.
- **Work** with government and other bodies to develop policy, regulation and standards, and promote best practice in the oil and chemical industry.
- **Engage** and listen to the concerns of our customers, employees, and society at large.
- **Promote** a culture in which all employees and contractors contribute to the implementation of this policy.
- **Include** *Environmental* ^[Issue 3 change] awareness/training of all staff.

COMMUNICATION

Copies of the above strategy and policy are communicated to all personnel at all levels via this manual and the distribution of controlled copies throughout the organisation. *CFP has taken the decision not to make available to the public details of its significant environmental aspects.* ^[Issue 3]

REVIEW

The above strategy and policy are subject to periodic review via the Performance Review and Business Planning Processes and may be amended accordingly.
